

OPERATIONAL WORLDS

FIELD-0004 — DIVERGENCE

FABRICATION REQUEST FOR QUOTE — v0.2

PROJECT

Wall-mounted architectural relief consisting of a dark-green field and two raised warm-white members.
Production vector files define the approved front-view geometry.

SIZES REQUESTED

16 × 20 in	member width 0.750 in	proposed relief 0.750 in
18 × 24 in	member width 0.750 in	proposed relief 0.750 in
36 × 36 in	member width 1.250 in	proposed relief 0.750 in
40 × 40 in	member width 1.250 in	proposed relief 0.750 in

PLEASE QUOTE

- A. Fabrication only / unfinished.
- B. Complete fabrication with professional sprayed gallery-ready finish.

CONSTRUCTION

Please recommend a stable construction method appropriate to each scale. Material is intentionally not locked.
Priorities: dimensional stability, crisp geometry, clean miter transitions, reasonable weight, durability and gallery-quality presentation.

FINISH

Field: deep dark green, smooth matte sprayed finish.
Architecture: warm/off-white, smooth matte sprayed finish.
Green field finish continues around all visible exterior sides.
No exposed raw substrate, visible fasteners or adhesive from normal viewing position.

PLEASE INCLUDE

- Unfinished fabrication cost for each size
- Fully finished fabrication cost for each size
- Proposed material and construction method
- Estimated finished weight
- Lead time
- Concealed mounting recommendation
- Shipping/delivery cost if applicable

DESIGN STATUS

Front-view geometry: LOCKED FOR RFQ
Member widths: LOCKED FOR RFQ
Relief height: PROVISIONAL at 0.750 in / 19.05 mm
Material/construction: FABRICATOR RECOMMENDATION REQUESTED
